32 State Street—Boston.

THE subscriber by appointment from the Commissioner of Patents, is Agent of the U S Patent Office for receiving and forwarding to the same, models, specimens or manufactures to be patented, or deposited therein, which will be sent free of expense and risk and with despatch. He will prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents, will make researches into American and Foreign works, to test the validity of inventions, and render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of verbally explaining their inventions and of consulting in respect to them, matters, in general, of paramount importance in order to obtain correct specifications and claims. The experience of sixteen year's practice, an extensive collection of rare works, decisions, &c on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

NEVER DESPAIR!

KELLEY & CO'S HIGHLY CONCENTRATED SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives Annually!

0,000 CASES

Of SCROFULA cured by it this year, and 5,000 Cases DYSPEPSIA and HUMORS of which proof can be furnished. This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then is far superior to any in use. It is put into the ... FULL STRENGTH and power without ... ing it, and this is done for the special benefit of those who use it as it is objected to all other Sarsaparillas that they are Weak ... A more ted, Sickish and are wholly incapable of reclaiming the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other and Six Times Better ... and Cheaper than all others. THIS Sarsaparilla has bestowed on it some of the best ... Talents and Skill in the world, and ... the Sickness, Kills all the Pain and REMOVES all the suffering that it is in the power of Human means to do. It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Salt Rheum, Debility of the System, and every Disease which arises from Impure Blood!

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill CERTIFIES, ... that he actually CURED a case of Consumption with Kelley & Co's Sarsaparilla, and says that there is no medicine in which he has so much confidence for Diseases of the Lungs." Some will marvel at this REMARKABLE Cure, but hundreds are knowing to the fact. This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities. And have

SIR BENJAMIN BRODIE,

Surgeon to the royal Family of England ... that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury." What distinguished compliments are these! Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES when every thing else fails, the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is, that it makes the BLOOD perfectly Pure, Rich Healthy, Quick, Free, Nutritious. It CURES all those ALARMING cases of DYSPEPSIA ... JAUNDICE, where ... and Vigor, to every drooping function of the System—causing them to move on just as Nature requires. And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is, that it does not tamper with the patient or prolong his sufferings. But it first attacks the disease and stops it, then removes it, then brings up the flesh and strength on a perfectly pure Blood, so that the cure is always thorough and permanent. Others only scatter or back on the disease, but this EXTIRPATES it wholly from the system—this saves the patient's life while others endanger it. The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant, that Medical Colleges, Professors, and Physicians always prefer it, for the sake of its Superiority. Try it, all you who are seeking the PRICELESS BLESSINGS OF HEALTH.

Ladies, Married and Unmarried!

It is for you especially that this Sarsaparilla is made, as the "HEALING ART" has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cured for as they ought, hence it is that all the medicines which are used with the hope of Cure, so invariably and entirely fail. But this Sarsaparilla has the SPECIAL ability, to cure every Disease Affliction or Pain which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles.

McKENNEY'S COSSACK SALVE!

An Invaluable Remedy

FOR Fever Sores, Rheumatism, Swelling of the Feet and Limbs, Swelling of the Tonsils or Sore Throat, Chronic Eruptions of the Skin, and all Scrofulous Diseases, Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains or Chapped hands, Sore or Inflamed Breast, Weakness or Pains in the Stomach, Piles, Corns, Warts and Common Sores and Cuts and Bruises of all kinds.

In bringing this article before the Public, we are aware that we labor under no small disadvantage amidst the multitude of All Healing Ointments and Panaceas" that are now advertised as the "most effectual" and "certain cures" for all diseases indiscriminately to which man or animals are subject.

A history of this Salve and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing.

We would only add that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit as in compliance with the earnest and repeated solicitations of personal friends and those who have experienced its wonderful medicinal and all healing properties.

To say, indeed, that we do not expect to realize a handsome remuneration for our services would be alike useless and untrue. But we flatter ourselves that if, forsooth, we are richly paid, and the article soon, very soon has an extensive sale—the Public are receiving a full and ample equivalent.

As we have already intimated we ... shall not call to our aid the empty puffing of the Press" or the bought certificates ... and that, and shall make use of them only ... have been, or hereafter may be entirely ... and unsolicited.

The Salve is now before the Public!

They and their ... virtues and medicinal properties ... were injustice to ourselves—to say more would be superfluous.

Here are some of the many Certificates:—

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee. After using many remedies without success I applied some Salve obtained of Mr A. M. McKenney and continued its application until I had used six bottles which entirely cured me and I have had no return of the disease since. I would also say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success.
DANIEL SEAVEY
Dexter (Maine) May, 1846

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure, without success which cost me about forty dollars, I bought 14 oz. of JONATHAN McKENNEY'S SALVE, which effected an entire cure in less than two months.
SIMEON MARSTON
Gray May 11 1846

BANGOR June 5, 1846

Mr McKenney—In going into the woods in the autumn of 1845 with the charge of quite a number of men, for the winter lumbering operation, I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and bruises, and I found indeed, to my great satisfaction, that it was an invaluable article. I also made application of it in cases of Cuts, Sprains and Tumors upon my cattle, and found it equally beneficial. It can truly be called the All Healing Salve.

A Specimen of Penobscot Farming.

We mentioned on Saturday that Capt Nath'l Bryant of Dexter last week sold to John L. W. Esq of the Old City Market a yoke of beef oxen for $170,50. We learn that these oxen were almost entirely fatted on Ruta Baga. Capt Bryant last season raised three thousand bushels of Ruta Bagas. On three acres of land he raised between twenty four and twenty five hundred bushels, a portion of which he sold in the Bangor market for fifty cents a bushel, while the average cost of his whole crop exclusive of land rent, was but four cents a bushel. He prepares the land as for wheat and sows the seed in rows two feet apart with a sowing machine, with which one man can plant three acres in a day.

He has never failed to secure a good crop and they keep well and make good fodder for all his cattle and sheep. He thinks that the farmers in Maine should raise large quantities of this valuable turnip.

Capt Bryant was very successful last season in his wheat crop, having raised one hundred and fifty bushels of Georgia Red Wheat, all fit for seed from eight bushels of sowing on eight acres of land. This is less than the usual quantity of seed, but he thinks it is quite sufficient. This seed wheat he has sold for about two dollars a bushel. He will sow ten acres to wheat the present season.

He has upon his farm a flock of one thousand sheep.

In conversation with Capt B in which we gathered these facts, he stated to us that he had been visiting the farmers in New Hampshire and Vermont for the purpose of examining stock and seeing what was going on and learning something in the great art, and he had returned better than ever satisfied with the soil of Penobscot and the prospects of farming here. Industry, economy, skill and enterprise are needed here in order to success, but without these there can be no success anywhere, and with these there can be profitable farming in Penobscot even with the disadvantages of the weavil and blight of the two or three years past.

Virginia Election.

Partial returns from Virginia have been received. In Richmond, Kuylerville, Henrico and Taylorsville, in the 6th district Botts has a majority over Seddons, Democrat. In Chesterfield Seddons has a majority of 241 (In 1847 the Democratic candidate had the same majority.)

The election at Richmond Va, is to continue stormy. Live a vote is quite [illegible] received from that district regarded as the best in Morton, Leeds, Penobs[illegible] ton and London districts.

In the 15th district, Ohio county gives Russel, Whig 600 majority. (In 1847 the Democratic candidate was elected in this district without opposition.)

The Legislature will be Whig and there will be a Whig majority in the Senate.

Richmond, Henrico, Hanover, Ohio, and Berkly have sent Whig delegates.

Panorama of Hudson River.

This beautiful Panorama will be exhibited at Market Hall for a few times the present week commencing probably with this evening. On Wednesday afternoon it will be exhibited for the benefit of those Ladies and children who do not deem it advisable to be out in the evening. It is a very pleasing exhibition and well worthy the attention of our people. By a slight effort on the part of the teachers of our primary schools the little folks in the city could all make a visit on the Hudson river at a very low rate.

☞ The exhibition will be open *to morrow evening*.

According to a correspondent of the New York Evening Post the balance of specie trade with California is so far very largely against us. This correspondent estimates that six millions of dollars, in coin have been taken out to California by emigrants, and that nine millions have been expended in outfits for the gold adventurers.

Great preparations will be made for the accommodations of visitors at Mount Hope Green House on May Day. There will be abundance of flowers, comfortable refreshments and all matters to make the visit there in parties or other wise very desirable.

Mr Moody will hold a public sale of plants at the Green House.

The brig Josephine, Captain Milton, hence (Jan 24) for San Francisco, arrived at Rio Janeiro Feb 26th, sch Anonyma, Treadwell hence (Jan 17), arrived same day. Several other vessels from the United States for California, are said to have touched at Rio.

Foreign Items, BY THE CAMBRIA.

France.

M Duchon, the editor of Le Peuple was sentenced on Tuesday to be imprisoned for five years and to pay a fine of 6000 francs. This is the paper of Proudhon. Proudhon has fled to Germany.

M de Lescluse, the Socialist was sentenced to imprisonment for three years, and to pay a fine of 10,000 francs.

La Presse states that neither the British or French governments will take any part in the negotiations about to be opened in Verona, for the conclusion of peace between Austria and Piedmont.

The Republique states that Mr Brisbane, an American Socialist, who taking a leading part in the socialist banquet in Paris, has received notice from the Government to quit Paris within a period of 48 hours, and never to return there.

The Presse says—"Mr Brisbane has been to the prefect of police, and told him that he would not leave France without being compelled by force.

Denmark and the Duchies.

Active hostilities between Denmark and the German States have been recommenced, and accounts have been received of a naval engagement which terminated most disastrously to the former power.

A squadron of Danish vessels consisting of the Christian VIII (84 guns,) the Gefion frigate (42 guns) a brig and some steamers attacked the batteries in the bay of Eckenforde on the 5th inst. Part of the squadron entered the harbor and after a cannonade on both sides of several hours, the steamer Geyser silenced the land batteries. The Christian VIII unfortunately grounded, and the Gefion had her rudder shot away.

A truce was offered and two hours were granted. In this interval the Germans got the northern battery in order, the 84 gun ship was got off, and hostilities recommenced. The Christian VIII however, again got aground, and finally was set on fire by the red hot shot from the batteries. Endeavors were made by the Germans to save her and her crew after her surrender, and that of the Gefion, but only 400 men were saved, and the line of battle ship at length exploded with more than 200 men on board. Out of Gefion 250 were saved, but the rest perished. It is said that the Germans had but one man killed and 13 wounded.

The humanity of the Germans, under the Duke of Saxe Coburg in saving the lives of the unfortunate Danes, is spoken of in the highest praise. The surrender of the Christian VIII was almost immediately followed by that of the Gefion and the Danish sailors of the Gefion, aided by the German soldiers set about to save the crew of the Christian VIII, 400 men were saved, but at eight o clock P M the vessel which had been burning steadily all the while, exploded with the remaining 200 men. Of the crew of the Gefion 250 escaped without injury but the number of killed and wounded was not less than 150.

It was one of the most brilliant affairs on record, in the result 128 guns and 110 men struck the Danish flag to three batteries, mounting together 20 pieces of cannon. The Danes, however held out nobly to the last. The prisoners amount to 611, including 40 officers. Consequently [illegible] Christian VIII was an 84 line of battle ship, the loss of life was a 42 gun frigate, greater than was supposed at first [illegible]

Letters from Copenhagen state that although the loss of the Christian VIII and the Gefion brig is deeply felt in the capital, yet there is no desponding. Measures have been taken to fit out immediately the *Denmark* frigate, and to equip another line of battle ship, and also the Skjold of 60 guns. It is expected they will be ready for sea by the 16th.

Numerous captures of German merchant vessels by the Danes have taken place, and the ports of Cammin, Swinemunde, Wolgast, Greifswalde, Stralsund, Rostock, Pillau, and Danzic, together with the Elbe, Weser, and Jahde are now all blockaded, and the injury inflicted on merchants is incalculable. German vessels coming from America, Asia and Africa have taken refuge in the English ports in the channel.

We have accounts from the army to the 14th inst. On the 3d General Rye crossed the Konigsau and entered Schleswig by three different roads. His division was in all 8500 men of different arms in three separate columns. The port marching towards Haderslebens consisting of about 2500 men fell in with the Schleswig Holsteiners and free lance from 12 to 1500 men strong, who were attacked and driven through that town after some fighting whereby the Danes lost 4 killed and 10 wounded. The Danes on the 4th had possession of Hadersleben and sent an advance guard towards Apenrade.

On the 3d in the morning another Danish force left Alsen about 6000 men strong and landed on the Sundewitt. They took two different routes to cut off an advanced corps of Schleswig Holsteiners who had some artillery and consisted of 4000 to 5000 men.

They were attacked at Atzbol, and near Eggensund near Gravenstein at the same moment, but as they retired rapidly from both places, the Danes returned to their position, and remained there unmolested. On the 4th some few of their men were killed and about twenty wounded, and some few wounded Germans fell into the hands of the Danes.

THE ROMAN STATES. Rome, though quiet, is unsettled. The Pope remains at Gaeta. The condition of the Roman States it is said presents an almost unapparalleled picture of anarchy, terror, and confusion. The news of the defeat of Charles caused much excitement.

In the sitting of the Roman Constituent Assembly of the 27th ult the Minister of War informed that body of the several military measures that had been adopted by Government. Every citizen from 18 to 36 years of age was declared a soldier and whoever wished to exempt himself from military service must pay a fine to facilitate his being replaced by a substitute. Troops were on their way to the Po, and the national guards of the provinces had undertaken the service of the carbineers, that the latter might join the army. The Alba of Florence, of the 31st ult announces that on the receipt of intelligence of the disaster suffered by the Piedmontese army the assembly had appointed a triumvirate, composed of Mozzini, Armellini, and Saffi. It was also intended that Guerazzi and Montanelli should form part of the Government, but, as the first is chief of the executive power in Tuscany he could not except until the union of the two States was decreed.

Active hostilities between the Roman States and the Neapolitan government were on the point of commencing. The Ticino Gazette of the 7th inst, states, on authority of a letter from Rome, of the 31st ult. that the Courier of Naples had not arrived on that day, and that intelligence had been received of the legion of Garibaldi having entered the kingdom of Naples, and commenced hostilities.

Russia and Turkey.

Despatches have been received at Constantinople from Bucharest which state that General Montavieff had arrived in the Principalities with 24 000 men and another Russian officer had advanced up on Ibraila and began building barracks for his troops in the neighborhood of that city. We are also informed that the Russians had introduced gunboats into the Danube in direct violation of the treaty of Adrianople. It would appear that Russia is, in the most open manner, strengthening her position in the Danubian provinces while Turkey on the other hand, is making preparations to maintain her authority.

Capture of Cronstadt—Great Battle between the Austrians and Hungarians.

The London Shipping List of the latest date [illegible] an extract from the Gazette de [illegible] which announced that the Hungarian General [illegible] had taken possession, on the [illegible] of March, of the city of Cronstadt, without opposition.—The Austrian and Russian [illegible]

On the [illegible] Walden, specially despatched from Vienna for that purpose, attempted to take Comorn by assault, but were driven back as far as Gonyo, with great loss, the ground being covered with their bodies. The garrison secured a great part of the enemy artillery, and took an entire Regiment prisoners. After having chased the enemy twelve miles, an entire battalion of Italians deserted to the Hungarians immediately after the battle.

Another letter dated Perth April 3, says "Yesterday more than 100 waggons have come into town loaded with wounded Austrians. The Austrians have lost 4000 men in their attacks on Comorn."

From the Isthmus.

Mr G A Rhodes, who left this city on the 5th of Feb for California, via the Isthmus, returned in the Falcon, leaving Chagres on the first of April, and arriving at New York on the 15th. Mr Rhodes and his party went on as far as Gorgona, and there remained while a deputation went forward to Panama to see what chance there was for passage to California. The delegation returned, and reported that there had been a meeting of those waiting at Panama for a passage to San Francisco, and that about 1,200 persons had enrolled their names as such, and that of these, two hundred persons had exhausted their funds, and were unable to go on or return home. This meeting was held on the 10th of March, and many of those who had attended it had January tickets, which they took at New York, but it was thought there was no chance of getting through until May, if even then.

Mr Rhodes, like nearly every other visiter to the Isthmus, speaks in terms of open condemnation of the conduct of the American Consul at Panama. His great object seems to be to fill his own pockets at the expense and inconvenience of those whom he is appointed to assist and protect. He is accused of boarding vessels bound up the coast and buying up the berths at moderate rates and retailing them out at enormous profits. Mr Rhodes anticipates that dreadful suffering and crime will follow the extreme destitution to which hundreds of emigrants will be reduced while waiting at Panama for conveyance to San Francisco.—Boston Traveller.

Later from Yucatan—Return of American Volunteers &c.

BALTIMORE April 24

By the southern mail we learn that the bark Wave with dates from Sisal to the 6th, had arrived at New Orleans. She brought 156 Americans, part of those who volunteered in the service of the whites or Yucatan last summer.

The force, of 1000 men destined for the attack on Bacalar, (a place of considerable strength now in possession of the Indians,) still remaining at Sisal, waiting the means of conveyance by sea.

A rencontre occurred in the street this afternoon, between Dr Buck and a dentist named Beeler, in which the latter fired a pistol at the former, who was slightly wounded by the ball while the latter was cut with a knife.

From St. Domingo—Martial Law.

Capt Washburn, of brig Sarah Lewis, from the City of St Domingo 29th March, informs us that the city was under martial law. Alarm guns had been fired twice, and all the men in the city marched out with the President at their head to meet the Haytiens who were coming down in large numbers under command of President Soulouque.

The Flotilla consisting of 5 vessels of war has sailed for Azua with 500 troops, where it is probable the principal battle will be fought.

The U S sloop of war Germantown, was expected. U S sloop of war Albany arrived in the 10th and left for Aux Cayes on the 13th, officers and crew all well.—[N Y Tribune.

Meetings held by Telegraph.

Pittsburg papers, and indeed the stockholders of commercial mode of meeting "of Morse's Magnetic" [illegible] the business of the Company. Philadelphia and Those directors or stockholders residing in this city meet at the telegraph office on the appointed days and those residing at Pittsburg or other places on the line, also meet simultaneously with them at the offices in their several respective places of residence, and by communicating with each other through the telegraph, [illegible] declare dividends &c &c, thereby avoiding the trouble and expense of travelling to and fro for the purpose.—Philadelphia Ledger.

Lumber.

A story has gone abroad that an immense amount of lumber has been cut in the forests of Maine during the past year. It is altogether a mistake. The winter has been good for lumbering operations but the scarcity of money and the diminished demand for lumber have curtailed the work. It is believed that the amount cut will be one third less than last year, and it is uncertain whether even this will get down to the mills, though probably there will be as much as can be sold. The demand for lumber depends mainly upon the prosperity of the manufacturers of New England. He must have a very thick head who has not found that out. But little, comparatively of the lumber of Maine finds a market beyond the limits of New England.—[Ken. Journal.

Heroic Walking.

In a letter from Santa Fe January 12 to the New Orleans Picayune, reference is made to the disaster of Col Fremont's party in the Rocky mountains, and the following surprising fact is stated:

"Twenty days having elapsed, and no return of the party, Fremont started out himself. He arrived at Taos a distance of 350 miles, in nine days, having walked the whole distance."

This is near about 40 miles a day, and taking into consideration the circumstances of cold snow and hunger, under which it was done, is unparallelled.

She's Nothing but a Country Girl

[A young lady, daughter of an agriculturist of ter buying been introduced to a company of PROFESSED LADIES in a neighboring city, heard one of them remark to the others in a low tone, accompanied with a scornful smile, "She's nothing but a country girl." On her return home, she sent the scornful Miss a note containing something like the following lines which were published in the Ohio Cultivator.]

I know that I'm a country girl,
And more than this I know—
That such, far rather would I be,
Than her I'm writing to—
For pride of heart and scornful mein,
Detested are, whenever seen.

A country girl! and what is there
So dreadful in the name?
Though 'verdant' yet I've too much sense
For that, to blush for shame;
For it will even sound as well
To me, as that of 'city belle.'

I would not change my country home,
Where nature's scenes o'erspread,
For one where earth can scarce be seen,
Or blue sky overhead;
For all the wealth and splendid din,
Your haughty beauties revel in.

What think you of your mother Eve,
Who dwelt in Eden fair?
No luxuries which gold procures
Or dainties nice were there;
And as there were no cities then,
A country girl she must have been.

I hope for this you'll not deny
Your ancient parentage;
Unless yourself from all our race
You wish to disengage—
If so, I pray let old and young
Be now informed from whence you sprung.

But if, as still I apprehend,
You are a girl of [illegible]
And that it is [illegible]

Holden's Alterative and TONIC MIXTURE,

IS the best combination known for changing the unhealthy secretions of the Stomach, and giving strength to that organ, and for removing many troubles which are often attributed to impurity of the blood.

Its action is that of a mild Alterative and Tonic restoring health and strength often without producing any sensible evacuation, and without leaving behind any unpleasant effect on the Constitution.

By its use the appetite becomes regular and good, digestion perfect, sick head ache and many nervous disturbances growing out of imperfect digestion are generally cured. Persons of debilitated constitutions become healthy and strong by its use.

By reason of the sympathy between the stomach and the skin, many diseases of the latter grow out of a morbid action of the former, even when the ordinary symptoms of Dyspepsia are wanting and are cured by this medicine.

Many weakly children, supposed to arise from worms, are caused by a deranged state of the stomach and are removed by its use. Persons both adults and children left feeble by protracted illness on the same principle are restored to health and vigor by taking it.

It contains no poisonous ingredient, and cannot in any case do harm.

Home Testimony.

We, the undersigned have ourselves or in our families used Holden's Alterative and Tonic Mixture and are satisfied it is a very valuable preparation for the cases for which it is recommended.

Prepared by STEPHEN JEWETT, son of the late Dr STEPHEN JEWETT, of Rindge, N H

Principal Office,—No. 30, India Street, Boston.

Please read the following certificate of a highly respectable and aged gentleman

RINDGE, N H, *April 1, 1840*

To all whom it may concern

I the undersigned do hereby certify, that I was acquainted with the late Dr Stephen Jewett from my youth up to the time of his death, and having been his nearest neighbor can testify to his medical skill and knowledge of Botany with hundreds of others now living, and that in the year 1814 I was afflicted with jaundice palpitation of the heart pain in the side, and general debility, so as to be *unable to attend to any business* and being a neighbor of the late Dr Stephen Jewett I had recourse to his far famed *Bitters* and *Plaster* and by their use was permanently cured. Since the above named date, I have used Dr Jewett's medicines with equally good effect as prepared by Stephen Jewett son of the late Dr Stephen Jewett, of Rindge, N H, and I cheerfully recommend them to the public as safe and invaluable medicines,—and being composed entirely of vegetables I think them far better suited to the diseases of our climate than medicines composed of minerals or foreign nostrums Try them, and judge from facts and experience I consider Dr Stephen Jewett's Strengthening Plaster far superior to any external application, for the purposes for which it is recommended of any that I have ever known

EBENEZER BLAKE

DR STEPHEN JEWETT'S

Health Restoring Bitters.

These Bitters, acting as they do upon the Stomach Liver, and Bowels removing all the morbid secretions, thereby purifying the blood and invigorating the digestive organs not only cure diseases that already exist, but they also fortify the system against all attacks of disease It is a common remark among those who have used Dr Jewett's Bitters that they have but little fear of being sick The remark is strictly true, for while the stomach and bowels are kept in a good condition, and the blood pure, all the great predisposing causes are removed and the whole system is fortified against those morbific influences, which under less favorable circumstances would have engendered perhaps fatal disease

In order that the public may know that they are offered a truly excellent article we append the following certificate which may be seen with numerous others in their original, by calling on the proprietor

BOSTON, May 15, 1848

To all whom it may concern — This may certify that I have been for years troubled with a scrofulous humor which has been very troublesome and was fast undermining my health and had severe pains in the back, loss of appetite, langour, and general debility

A short time since I commenced taking Dr Jewett's Health Restoring Bitters, and in a very short time my humors and pains left me my appetite improved and my health has not been so good for years all of which I attribute to Dr Jewett's Health Restoring Bitters

(MRS) E H RUSSELL, Beach Street

DR STEPHEN JEWETT'S

Pulmonary Elixer.

Nearly one third of all the deaths that occur in New England are caused, either directly or indirectly by diseases of the Lungs and Chest Why is this great sacrifice of human life? How happens it that the brightest intellects, of the highest promise the hope and support of declining years are smitten down in early life? Why is it that so many families have been made desolate by that fell destroyer Consumption? And how happens it that so many interesting and lovely children are cut down every year by those dread diseases, the Quinsy and Croup? Is it because these diseases are incurable? Physicians will tell you these diseases can be cured,—if taken in season

It is true these diseases can be cured with almost absolute certainty—if taken in season Every body should be aware of this fact and provide themselves with Dr Jewett's Pulmonary Elixer

The following certificate among numerous others which have been received, are appended for the benefit of those who desire to see certificates

WISCHANDON MASS March 10, 1848

Stephen Jewett—Dear Sir—I feel it a duty to you and to the public generally, to inform you all, who may have been afflicted as I have, that I have been entirely cured of a severe and long continued cough by one bottle of your Pulmonary Elixer—For months I have been a great sufferer I had pain in my left side, sore throat, constant cough, and raised a good deal of bad looking matter My strength was gone, and my flesh was wasting away I took many things without benefit and was steadily getting worse, till I procured your Pulmonary Elixer which has cured me, and I cheerfully recommend it to all who are troubled with coughs

Yours truly

HARTS' VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints, Spasmodic Contractions, Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy, Paralysis, General debility, Deficiency of Nervous and Physical energy, and all Nervous Disorders, including the most dreadful of all diseases that ever affect the human race

EPILEPTIC FITS,

or Falling Sickness, Hysterical Fits, Convulsions, Spasms, &c Dr Hart would impress it upon the minds of the afflicted, that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases As its tendency is to insanity, madness and death, the most

SKILLFUL PHYSICIANS

of Europe, as well as those of our own country, have pronounced Epilepsy incurable And it has been so considered by many, until this most important of all discoveries was made by Doctor S HART, nearly sixteen years since, during which time it has been performing some of the most

REMARKABLE CURES

upon record, and has acquired a reputation which time alone can effect Physicians of undoubted skill and experience, ministers of various denominations, as well as hundreds of our eminent citizens, all unite in recommending the use of this truly valuable medicine to their patients, charge, and friends, who are thus afflicted as the only remedy

WE QUOTE THE LANGUAGE

used by those who have been cured by this valuable medicine One says, "I have suffered beyond my power of description, but now I rejoice in being fully restored to health and happiness" Another says, I thank God I do I that I am a well man I also feel it my duty to proclaim it to the ends of the earth, that those similarly afflicted may find relief Another (who is an

EMINENT LAWYER,

and well known in this city,) says, "my son has been afflicted for years with epilepsy, but is now enjoying good health from the Vegetable Extract Its fame," says he, "should and ought to be sounded to the ends of the earth" Another says "Language is entirely inadequate to express my gratitude to Dr Hart, for having been the means, under the blessing of God, of restoring me to good health, after having been afflicted with Epilepsy in its worst forms for more than twenty three years, and my morning and evening oblation of praise and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole"

Miss J Bradley, 115 Orchard street, New York, states that she has been subject to Fits for many years, and has been restored to perfect health (after every other means had failed) by the use of the Vegetable Extract

Dr Charles A Brown, of Dover, Russell co, Alabama, who is one of the best Physicians in the State, says that he has been much benefited by the use of the Vegetable Extract and that he has unhesitatingly prescribed it in every case of Epilepsy which comes under his knowledge.

Curtis G Mayberry, Esq. formerly Postmaster at Lime Mills, Crawford Co, Pa, now living in Erie Co Pa, states that for many years past he has been severely afflicted with Fits, and he is now happy to state that a persevering use of Dr Hart's Vegetable Extract has restored him to sound health, being entirely freed from the worst of all diseases

Mr Stephen E Pratt, corner of Sixth Avenue and Twenty sixth Street New York states that Mr Charles E Boughton, a member of his family, has been so severely afflicted with Epileptic Fits for many years that he was obliged to relinquish his business Having used Dr Hart's Vegetable Extract [says Mr P] he was soon restored to perfect health, and left this city for the State of Ohio to resume his business

Rev Mr Smith, Rector of St Peter's Church, Spotswood New Jersey, who has been afflicted with Epileptic Fits for more than forty years, states that he has used Dr Hart's Vegetable Extract, and his health has been so much improved that he hopes by Divine blessing to have no more Fits

EPILEPTIC FITS,

For twenty seven years and six months, cured by the use of this truly wonderful medicine

Read the following remarkable case of the son of Wm Secore Esq. of Philadelphia, affected with Epileptic Fits for twenty seven years and six months — After travelling through England, Scotland Germany, and France, consulting the most eminent physicians, and expending *for medicine*, medical treatment and advice three thousand dollars, returned with his son to this country in November last, without receiving any benefit whatever, and was cured by using

HART'S VEGETABLE EXTRACT

I have spent over three thousand dollars for medicine and medical attendance I was advised to take a tour to Europe with him, which I did I first visited England I consulted the most eminent physicians there in respect to his case, they examined him and prescribed accordingly I remained there three months without perceiving any change for the better, which cost me about two hundred and fifty dollars, predicted by the physicians, and the most that I received was their opinion that my son's case was hopeless, and

POSITIVELY INCURABLE.

I accordingly left England, travelled through Scotland, Germany and France, and returned home in the month of November, with my son as far from being cured as when I left I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract my son has was restored to

PERFECT HEALTH

His reason, which was so far gone as to unfit him for business is entirely restored, with the prospect now before him of life, health and usefulness He is now 28 years of age, and 27 years 6 months of that time he has been afflicted with this most dreadful of diseases, but thank God is now enjoying good health

Now, sir, faith without works I don't believe in — To any I shall be ever grateful to you in one thing, and as I here enclose you one hundred dollars, I have no doubt you will think this another and quite a different thing The debt of gratitude I still owe you, but please accept this amount as interest on the debt in advance Yours very respectfully

(Signed) WILLIAM SECORE.

THE TIME IS NOT FAR DISTANT

When thousands who are now trembling under the hand of this dreadful disease, and fearing that every attack may prove fatal, will find permanent relief and be restored to new life, by using this celebrated medicine

The following letter narrating one of the most remarkable events in the annals of Medical Science is from the

Rev. Dr. Landis, a Clergyman

of New Jersey of distinguished attainments and exalted reputation —

SIDNEY New Jersey July 12 1848

DR A H CHRISTIE—Dear Sir You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND MAGNETIC FLUID My reply is as follows

For about *twenty years* I had been suffering from Dyspepsia Every year the symptoms became worse and worse I obtain permanent relief from any combination of medical treatment whatever My physicians were skilful and excellent men but here their practice appeared to fail At last *four years* ago I contracted a severe cold by exposure that resulted in the severe chronic Rheumatism which for years after gave me indescribable anguish [illegible] Dyspepsia the bane of my physicians sore distress afforded me great relief but this relief was but temporary Further in the winter of 46 and 47 I was [illegible] preaching a great deal in my circuit [illegible] in consequence of which I was attacked by the Bronchitis which soon became so severe as to [illegible] an immediate suspension of my public labors My nervous system was now [illegible] I was completely prostrated, and as my Physicians became fearful that these disorders were connected with each other through the medium of the Nervous System My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties and the performance of those labors, on which my soul has ever found the highest of her joys

It resulting from effect to cause I concluded that the Nervous System must be reached before any hope could be indulged of my obtaining relief from these most distressing maladies In the whole pharmacopoeia there seemed to be no remedial agent which could reach and reinvigorate my Nervous System, every thing that I had tried for this purpose had completely failed At last I was led by my friends to examine your inventions and (though with no very sanguine hopes of their efficiency) I determined to try the effect of the application of the GALVANIC BELT AND NECKCHAIN, with the MAGNETIC FLUID This was in June, 1846 IN MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE, IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS, NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS, AND MY RHEUMATIC AFFECTION ALSO SEEMED TO TROUBLE ME If time permitted, I could fill a sheet of paper with the details of particulars but I can now only furnish this brief abstract. My Dyspepsia has *never returned*, the Rheumatism once in a while visits me but not severely, and is easily arrested and is manifestly being driven from its hold upon my system, and my Bronchial affection is entirely cured Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from neuralgic affections. They have tried them, WITH MARVELLOUS RESULTS IN EVERY CASE.

I am, dear sir, very respectfully yours,

ROBERT W LANDIS

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq one of the assistants on the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism considerable of the time I could not eat, sleep or walk I had the most distressing pains and my limbs were terribly swollen I have used four bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good I am so much better—and am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully

JAMES CUMMINGS

FITS! FITS FITS!

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13, 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age, who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last although we could find no recommendation in your circulars for cases like hers we thought, as she was in very delicate health, we would give her a trial of your Sarsaparilla and are very glad we did for it not only restored her strength but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours respectfully,

JOHN BUTLER, Jr

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and a ready cure for Incipient Consumption, Bitterness Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhœa or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter what either the result of inherent cause or causes produced by irregularity, illness or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, at once become roll us and full of energy under its influence It immediately counteracts the nervousness of the female frame, which is the great cause of Barrenness It will not be asserted of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that *hundreds* of cases have been reported to us Thousands of cases where families have been without children after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period "The turn of life" should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing its impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for form or weakness and disease By using a few bottles of this medicine many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child prevents pain and disease, increases and enriches the food—those who have used it think it indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and check the circulation, which is Nature is not thwarted by disease or powders as the skin indemned by the ablutions used to soap, demulcifies it and promotion to the "human face divine," as well as the garden of rich and delicately tinted and variegated flowers A fine, active and healthy circulation of the blood upon the cheeks is the purest, most beautiful to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flushes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of powder or soap If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Bad air, the north who take but little exercise either confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, speaking eye, and beautiful complexion, can, they should use Dr. Townsend's Sarsaparilla. Those who have tried it, are more than satisfied and are delighted. Ladies of every station come to our office daily.

NOTICE TO THE LADIES.
